### Main Street Bridge to See Detour Sunday

**JACKSONVILLE, Fla.** – The Main Street Bridge will be closed on Sunday, May 5 for routine bridge maintenance. Both directions of the bridge will be closed to drivers and pedestrians. The closure will take place from 7 a.m. to 5:30 p.m., weather and unforeseen circumstances permitting.

Drivers will be detoured to the Acosta Bridge; marine traffic will not be impacted by the closures.

The Florida Department of Transportation has a robust bridge maintenance program that protects taxpayer investments and ensures the structures receive preventative maintenance to extend the life of their investment.

The Main Street Bridge is a vertical lift bridge and is raised and lowered more than 1,400 times a year.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
