

SR-111 (Cassat Avenue)

Public Meeting

Jacksonville, Florida

The Florida Department of Transportation (FDOT) invites you to attend a public meeting to discuss proposed improvements to SR-111 (Cassat Avenue) from Blanding Boulevard to Lenox Avenue in Jacksonville, Florida.

The FDOT previously held a public meeting in January 2017, to present design plans for the removal of on-street parking to allow for the addition of bike lanes. After listening to public comments received at this meeting, the Department has refined the design and would like to receive your comments regarding the new concept.

The FDOT is proposing to mill and resurface the roadway, update ADA facilities, and remove on-street parking on a major portion of the project. A lane reduction of one southbound travel lane on Cassat Avenue is being proposed, from San Juan Avenue to Blanding Boulevard. This will allow the on-street parking to remain in this area and also adding buffered bike lanes. Also included with this project is the elimination of the northbound right turn lanes to Post Street and Lenox Avenue.

Public participation is sought without regard to race, color, religion, sex, age, national origin, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Jeff Bailey at the number provided at least 7 days before the meeting.

Date:
Thursday,
April 27, 2017

Open House:
4:30-6:30 PM

Location:
Lakeshore Woman's Club
2352 Lakeshore Blvd.
Jacksonville, FL 32210
