

Example of areas of intended reconstruction below the roadway to correct settlement and improve ride.

SR 10 at
Blanche St.

Intended work includes reconstruction of business entrance driveways and pedestrian walk ways.

Pedestrian ramps to be reconstructed or refurbished.

Drainage inlet grates will be adjusted to improve ride and appearance.

Full-depth repairs to settling areas within the roadway as well as manhole and drainage inlet adjustments are planned.

Improvements to pedestrian access within the project limits are planned.

Sidewalk and other pedestrian access area improvements are to be completed.

Road to be widened between
Barnett St. and Myrtle Ave.

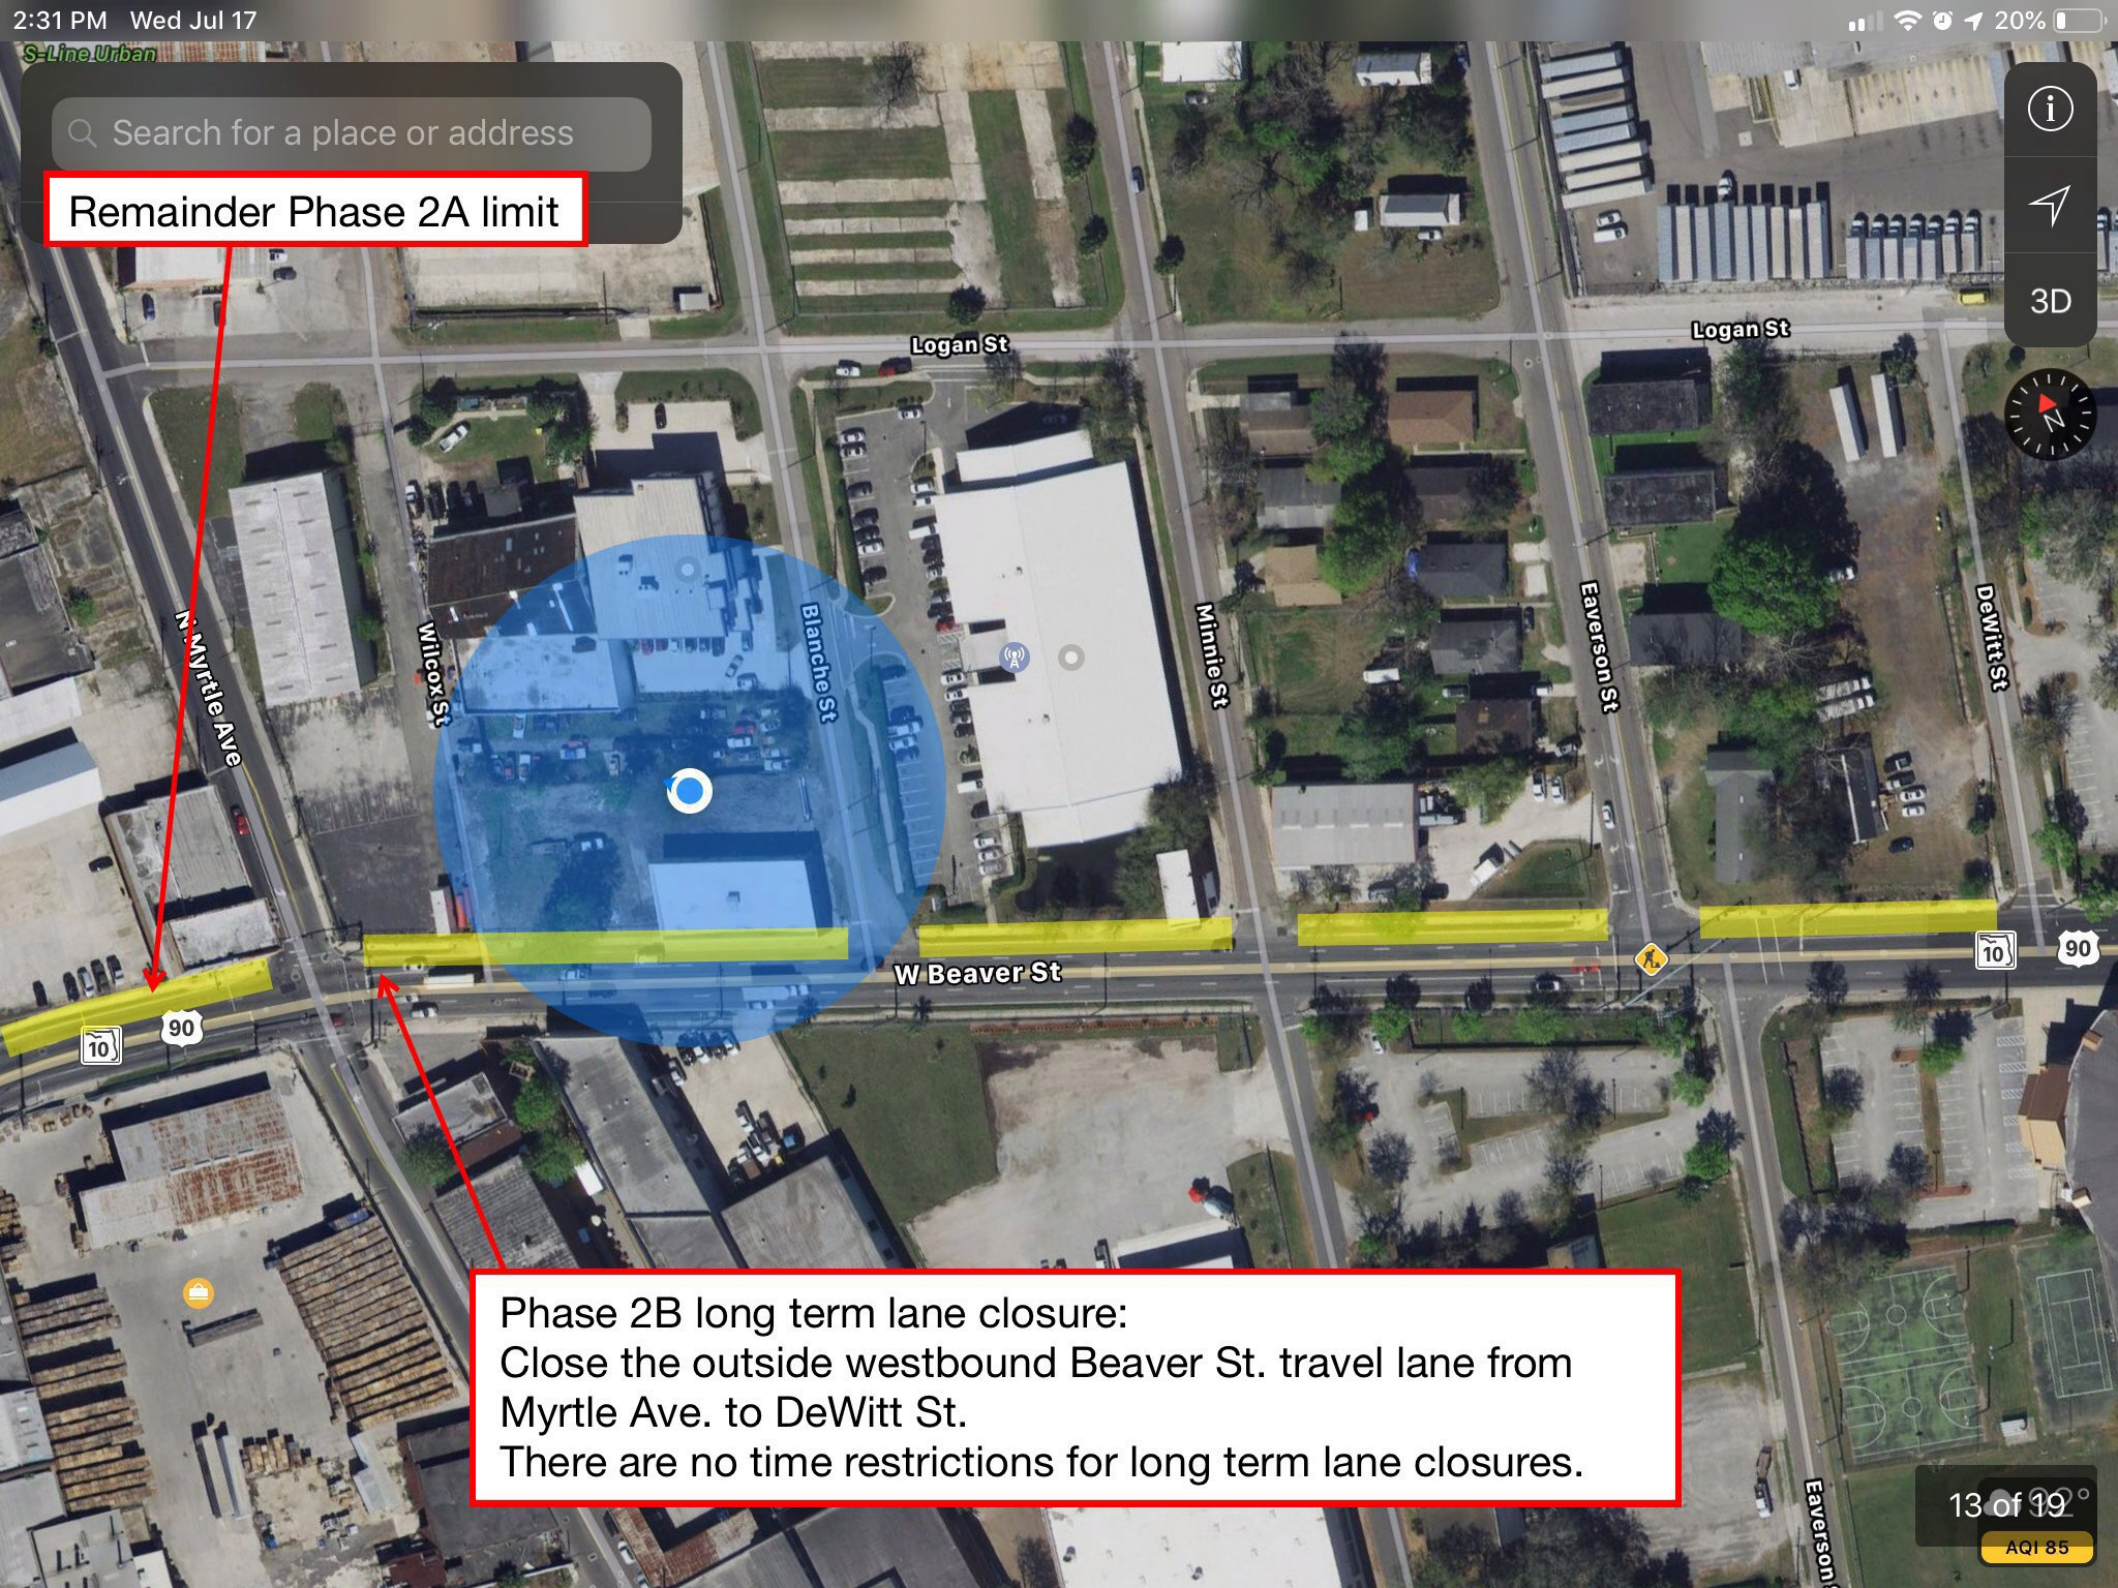

Pedestrian and Traffic signals will be modified / replaced at the Beaver St. intersections of Myrtle St. and Eaverson St.

Phase 2A long term lane closures:
Close the outside westbound Beaver St. travel lane from
Tyler St. to Myrtle Ave.
There are no time restrictions for long term lane closures.
