

PROPOSED MEDIAN MODIFICATIONS

ABOUT THE PROJECT

Concept Companies has applied for a permit to construct a Retail Variety Store with a drive connection at an existing full median opening on State Road 16 approximately 1,000 feet west of Race Track Road. In order for the median opening to comply with spacing requirements, FDOT is requiring the permittee to modify the median opening from full to directional. The modification will not restrict any movements that are currently taking place at this median opening; it will only prevent potential future movements at this opening. Information about the proposed change, including a traffic study and site plan for the proposed development, is available for review at www.nflroads.com by selecting "St. Johns County" under the District Two Project Finder and clicking on "Future Projects."

With this notification, the Florida Department of Transportation is seeking input from property owners who may be impacted by the proposed changes. If you would like to comment on the proposed median modification, please send your comments to Permits Manager Nathan Gottschalk at Nathan.Gottschalk@dot.state.fl.us or 3600 DOT Road, St. Augustine, FL 32084. If you have questions about the proposed project, please contact Permits Manager Nathan Gottschalk at (904) 759-1725 or Nathan.Gottschalk@dot.state.fl.us. **Public comments will be accepted on the proposed modification through May 15, 2020.**
