

**PROPOSED MEDIAN MODIFICATIONS**

**ABOUT THE PROJECT**

Bravo Florida LLC. has applied for a permit to construct a Burger King with a drive connection at an existing full median opening on U.S. 441 (State Road 25) approximately 1,000 feet north of Interstate 75. In order for the median opening to comply with spacing requirements, FDOT is requiring the permittee to modify the median opening from full to directional. This modification will not have impacts to properties other than the proposed Burger King, which will be restricted from making left turns out to U.S. 441 north. Information about the proposed change, including a traffic study and site plan for the proposed development, is available for review at [www.nflroads.com](http://www.nflroads.com) by selecting "Alachua County" under the District Two Project Finder and clicking on "Future Projects."

With this notification, the Florida Department of Transportation is seeking input from property owners who may be impacted by the proposed changes. If you would like to comment on the proposed median modifications, please send your comments to Permits Manager Adam Doyle at (352) 381-4308 [Adam.Doyle@dot.state.fl.us](mailto:Adam.Doyle@dot.state.fl.us) or 5301 NE 39th Avenue, Gainesville, FL 32609. **Public comments regarding the proposed median modifications will be accepted through August 3, 2020.**
