24-Hour Construction Operations on the Wonderwood Connector Scheduled This Weekend

Jacksonville – Beginning at 7 p.m. September 20 through 6 a.m. September 23, there will be 24-hour continuous lane closures and construction operations in both directions of the Wonderwood Connector from Wompi Drive to Kernan Road.

The continuous lane closures are necessary to place asphalt on the newly constructed storm drainage and to remove temporary steel plates that have been protecting the crossings. Motorists can expect lane closures to alternate from inside to outside lanes.

Traffic will be maintained in accordance with FDOT design standards throughout the project.

J.B. Coxwell Contracting, Inc. began construction on the segment of Wonderwood Drive in August 2018 and should complete the work late 2019, pending weather and unforeseen conditions.

The Florida Department of Transportation urges motorists to always follow the speed limit and stay within the limits of orange cones and barrels while traveling through construction zones. For up-to-date information regarding construction projects and lane closures, please visit www.nflroads.com or contact FDOT personnel at 904-831-FDOT.
