FDOT to Close 15th Avenue North Bridge as Part of Drainage Improvements

Jacksonville Beach, Fla. – The Florida Department of Transportation will close a portion of 15th Avenue North beginning Sunday, March 15 at 8 p.m. to facilitate construction of the drainage canal and the new 15th Avenue North Bridge as part of the State Road A1A (3rd Street) Drainage Project. This closure is expected to be in place through summer 2020, weather and schedule permitting.

Extended road closures and detours will be necessary throughout construction. Drivers attempting to travel westbound will be detoured onto 7th Street North to 18th Avenue North, then onto 8th Street North where they can rejoin 15th Avenue North.

Drivers attempting to travel eastbound will be detoured onto 8th Street North to 18th Avenue North, then onto 7th Street North where they can rejoin 15th Avenue North.

The State Road A1A (3rd Street) Drainage Project will improve drainage and alleviate flooding often seen during major weather events in some of the most flood-prone areas of Jacksonville Beach.
