### **C.R. 218 at U.S. 301 to Close Nightly for Milling and Paving Operations Sunday through Friday**

**MIDDLEBURG, Fla.** – As part of the Concrete Test Track project on U.S. 301 from just south of C.R. 218 to just north of Richard Mosely Road, C.R. 218 at U.S. 301 will be closed Sunday, February 20 through Friday, February 25 from 7:30 p.m. to 7:30 a.m., weather and schedule permitting. The closure is necessary to complete roadway milling and paving.

Drivers will detour via C.R. 217 to Normandy Boulevard (map below).

Superior Construction Company Southeast, LLC is estimated to complete the \$17 million project by spring 2022. Construction completion estimates are fluid and subject to change, weather and schedule permitting.

February is “hit-and-run” awareness month in Florida. When you flee the scene of a crash, you are breaking the law, which carries serious consequences. FDOT reminds motorists to take responsibility and stay at the scene of a crash.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT\\_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter or at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook.

*Improve Safety, Enhance Mobility, Inspire Innovation*

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
