Construction to Start on Multi-Use Trail from County Road 18 to County 325 in Hampton

HAMPTON, Fla. – Work is scheduled to begin next week on construction of a 0.6-mile paved multi-use trail from County Road 18 to Prospect Road (County Road 325). The project includes base work, construction of trail, signage, drainage improvements and other incidental construction.

This segment is one of three in Bradford County being paved as part of the Palatka-to-Lake Butler State Trail. This trail is also part of the larger statewide Florida SUN Trail Network.

Traffic will be maintained in accordance with FDOT design standards throughout the project. No lane closures will be permitted between the hours of 6:30 a.m. and 8:30 a.m. Monday through Friday.

FDOT hired Anderson Columbia Co., Inc. to complete this \$886,300 project, which is expected to be complete in late 2022, weather and unforeseen circumstances permitting.

FDOT asks motorists to always obey the posted speed limit, do not drive distracted, never drive impaired and always buckle up! Let's get everyone home. Learn more about Florida's statewide initiative to reduce transportation-related crashes by visiting TargetZeroFL.com.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting nflroads.com.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
