Detour Planned for the I-10 West Exit to Roosevelt Boulevard Sunday, March 20

JACKSONVILLE, Fla. – As part of FDOT's I-10 from I-295 to I-95 widening project, the I-10 west exit to Roosevelt Boulevard (U.S. 17) will be detoured Sunday, March 20 from 10 p.m. to 5 a.m. while crews perform bridge construction operations, weather and unforeseen circumstances permitting.

Driver's who wish to take the Roosevelt Boulevard (U.S. 17) exit will be detoured to the McDuff Avenue exit and left on McDuff to reconnect with U.S. 17.

FDOT hired Superior Construction to complete this \$174.5 million project in early 2025, weather and unforeseen circumstances permitting.

March is bicycle safety month. When cycling always wear a helmet and ride in the same direction of traffic on the street. Obey all traffic signs, signals, and markings.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting nflroads.com.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
