Detours Planned This Week for U.S. 41 at Bascom Norris Drive Roundabout

LAKE CITY, Fla. – As part of roundabout construction activities, there will be detours around the U.S. 41 and Bascom Norris Drive intersection Friday, Dec. 9 through Thursday, Dec. 15 from 7 p.m. to 7 a.m., pending weather and unforeseen circumstances. After detours have concluded and normal traffic resumes, drivers should pay close attention to new signage, speed restrictions, pavement markings, and use extra caution as they become accustomed to the new flow of traffic through the roundabout.

Bascom Norris Drive East Detour: Drivers who wish to take Bascom Norris east will be detoured south on Lake Jeffery Road, left on U.S. 90 and left on U.S. 41 to reconnect with Bascom Norris Drive.

Bascom Norris Drive West Detour: Drivers who wish to take Bascom Norris west will be detoured south on U.S. 41, right on U.S. 90 and right on Lake Jeffery Road to connect with Bascom Norris Drive.

U.S. 41 North Detour: Drivers headed north on U.S. 41 will turn right on Bascom Norris Drive, north on U.S. 441, left onto Valdosta Road, left onto Guerdon Street, and turn right to reconnect with U.S. 41.

U.S. 41 South Detour: Drivers headed south on U.S. 41 will be detoured left on Guerdon Street, right on Valdosta Road, right on U.S. 441 and right on Bascom Norris Drive to reconnect with U.S. 41.

FDOT selected Anderson Columbia Construction Inc. to complete this \$6.1 million project in fall 2022, weather and unforeseen circumstances permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
