### **Detours and Traffic Pacing Operations Planned for Next Week at the I-10 Widening Project**

**JACKSONVILLE, Fla.** – As part of FDOT’s I-10 from I-295 to I-95 widening project, I-10 west will be detoured and I-10 east will see traffic pacing operations next week while crews perform overhead sign work, weather and unforeseen circumstances permitting.

**I-10 West to Roosevelt Boulevard Detour:** Wednesday, March 2 from 10 p.m. to 5 a.m., drivers who wish to take the Roosevelt Boulevard (U.S. 17) exit will be detoured to the McDuff Avenue exit and left on McDuff to reconnect with U.S. 17.

**I-10 West Approaching Cassat Avenue Detour:** Thursday, March 3 from 10 p.m. to 5 a.m., drivers will be detoured at the Cassat Avenue exit, left on Cassat Avenue, right on Normandy Boulevard and right on Lane Avenue to reconnect with I-10.

**I-10 East Pacing Operations:** Thursday, March 3 from 10 p.m. to 5 a.m., drivers can expect increased traffic between Chaffee Road and Lane Avenue due to traffic pacing operations. Drivers can also expect to see law enforcement assisting with these operations.

FDOT hired Superior Construction to complete this \$174.5 million project in early 2025, weather and unforeseen circumstances permitting.

February is “hit-and-run” awareness month in Florida. When you flee the scene of a crash, you are breaking the law, which carries serious consequences. FDOT reminds motorists to take responsibility and stay at the scene of a crash.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT\\_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting [nflroads.com](http://nflroads.com).

The Florida Department of Transportation’s mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state’s environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida’s residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department’s mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
