Overnight Detours of Southside Boulevard (State Road 115) Service Road Entrance Scheduled Next Week

JACKSONVILLE, Fla. – As part of resurfacing improvements on Southside Boulevard (State Road 115) from Butler Boulevard (State Road 202) to U.S. 1 (Philips Highway), detours of the Southside Boulevard southbound service road entrance are necessary for drainage installation. Closures of the Southside Boulevard southbound service road entrance located just south of A.C. Skinner Parkway will occur overnight Wednesday, Aug. 14 and Thursday, Aug. 15 from 9 p.m. to 6 a.m. the following morning.

During the closures, drivers on Southside Boulevard southbound who wish to access the service road will continue southbound and use Old Baymeadows Road to Baymeadows Circle West and follow posted detour signs to Southbrook Drive to access the service road as shown in the map below.

Preferred Materials, Inc. is estimated to complete the \$29 million resurfacing and intersection improvements by summer 2025, weather and unforeseen circumstances permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
