### FDOT Completes Pedestrian Safety Improvements on Mayport Road

**Atlantic Beach, Fla.** – The Florida Department of Transportation recently completed work on a pedestrian safety improvement project on State Road 101 (Mayport Road).

This push button safety improvement project on State Road 101 (Mayport Road) from the school zone south of Mazama Road to north of Mayport Middle School began in December 2019.

Work included installation of mast arms with updated safety signage, the installation of a Rapid Flash Pedestrian Beacon, updated pavement markings within the corridor and other incidental items related to construction.

This project is part of a district-wide safety push button contract, which includes multiple projects designed to improve safety on the roads in Northeast Florida.

The Florida Department of Transportation urges motorists to always follow the speed limit and stay within the limits of orange cones and barrels while traveling through construction zones.

For information regarding construction projects and lane closures, please visit [www.nflroads.com](http://www.nflroads.com)
