### FDOT to Detour Cole Road Temporarily for I-295 North Interchange Project

**Jacksonville, Fla.** – The Florida Department of Transportation will detour traffic on a portion of Cole Road beginning Sunday, January 12 at 10 p.m. as part of the I-295 North Interchange improvements.

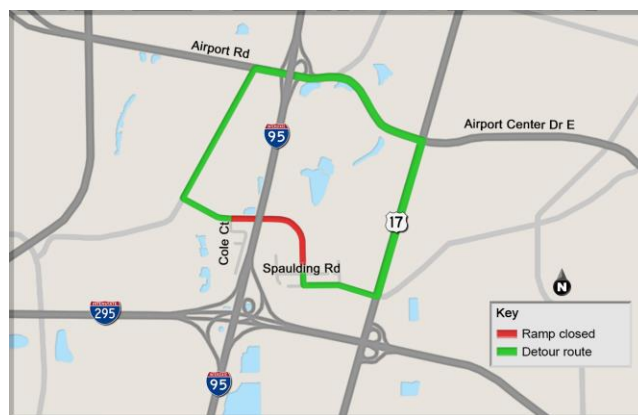

Cole Road will be closed to traffic overnight between Cole Court and Spaulding Road while crews install temporary barrier wall and traffic signals in the area.

As shown on the map below, drivers will be detoured onto Duval Road, Airport Road and U.S. 17.

After the detour has been removed, Cole Road will be open to one-way traffic with a temporary signal in place until fall 2020, weather and schedule permitting.

This work is part of the I-95/I-295 North Interchange Operational Improvement project that includes a new collector-distributor system, auxiliary lanes and ramp improvements. The interchange is part of an important corridor to promote economic growth and development in the region.

FDOT selected Archer Western to complete this \$176.8 million project in spring 2021, weather and unforeseen circumstances permitting.
