Flagging Operations on U.S. 17 Scheduled for Beam Setting

Palatka, Fla. – As part of the U.S. 17 widening project from Horse Landing Road to the north approach of the Dunn's Creek Bridge, Dunn's Creek flagging operations will be in place Thursday, November 21, Friday, November 22 and Monday, November 25 from 9 a.m. to 3 p.m. for northbound and southbound lanes of U.S. 17 at the Dunn's Creek Bridge. The closures are necessary for beam setting.

Dunn's Creek channel restrictions are currently scheduled through Monday, November 25. The horizontal bridge clearance will be reduced by 50 percent to safely stage equipment and perform work. Barge workers will be monitoring VHF-FM channel 16 and 13.

GLF Construction began the \$36.5 million widening project in February 2018 and is expected to complete construction by summer 2021, weather and unforeseen circumstances permitting.

Dunns Creek Channel Restrictions

November 19-25
for bridge work
