Detour Planned for I-95 Southbound to Edgewood Avenue Off-Ramp

Jacksonville – As part of the Florida Department of Transportation’s Edgewood Avenue resurfacing project, there will be a detour of the Interstate 95 southbound off-ramp to Edgewood Avenue. The detour will be in place February 11-12 from 9 a.m. to 3 p.m. for concrete barrier wall operations.

Motorists on southbound I-95 who wish to exit at Edgewood Avenue will continue southbound to the Lem Turner Road exit, then west on Lem Turner Road to Edgewood Avenue.

The project includes removing and replacing the top layer of asphalt on the roadway and interstate ramps, base work, shoulder treatment, drainage improvements, curb and gutter work, traffic signal updates, lighting, highway signing, guardrail work, sidewalk repair and other incidental construction. Hubbard Construction Company is expected to complete this \$6.6 million improvement project in summer 2019, weather and unforeseen circumstances permitting.

For up-to-date information regarding construction projects, please visit www.nflroads.com or contact FDOT personnel at 904-831-FDOT.
