### **I-95 North Detours Planned for Next Week at the I-10/I-95 Operational Improvements Project**

**JACKSONVILLE, Fla.** – As part of bridge construction activities for FDOT’s I-10/I-95 Operational Improvements project, overnight detours of I-95 north are scheduled from Monday, March 28 through Thursday, March 31 from 11 p.m. to 5:30 a.m., pending weather and unforeseen circumstances.

Drivers on I-95 north will be detoured to the Acosta Bridge, right on Broad Street and left on Adams Street to reconnect with I-95 north.

FDOT hired Archer Western to complete this \$126 million project in summer 2022, weather and unforeseen circumstances permitting.

March is bicycle safety month. When cycling always wear a helmet and ride in the same direction of traffic on the street. Obey all traffic signs, signals, and markings.

Drivers seeking real-time traffic alerts are encouraged to visit [www.FL511.com](http://www.FL511.com) or download the FL511 app prior to their journey.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at @MyFDOT\_NEFL on Twitter or at MyFDOTNEFL on Facebook.

The Florida Department of Transportation’s mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state’s environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida’s residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department’s mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
