I-95 South Detours Planned for Next Week at the I-10/I-95 Operational Improvements Project

JACKSONVILLE, Fla. – As part of bridge construction activities for the Florida Department of Transportation’s I-10/I-95 Operational Improvements project, overnight detours of I-95 south approaching downtown are planned for Tuesday, October 19, Friday, October 22 and Sunday, October 24 from 10 p.m. to 6:30 a.m., weather and unforeseen circumstances permitting.

Drivers on I-95 south will be detoured at exit 352D towards I-10, continue on I-10 west and take the Luna Street exit, turn left on Luna Street, left on the I-10 east on-ramp and continue on I-10 to rejoin I-95 south.

FDOT hired Archer Western to complete this \$126 million project in early 2022, weather and unforeseen circumstances permitting.

The Florida Department of Transportation’s mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state’s environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida’s residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department’s mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
