Lane and Ramp Closures on Eastbound I-10 between Chaffee Road and I-295 Scheduled July 1 to July 7

JACKSONVILLE, Fla. – Drivers can expect nightly lane closures on I-10 from Chaffee Road to I-295 Monday, July 1 to Sunday, July 7 for milling and resurfacing. Nightly lane closures are expected from 7 p.m. to 5 a.m. the following morning, weather and unforeseen circumstances permitting.

During the nights of Tuesday, July 2 and Wednesday, July 3, the I-10 westbound ramp to Chaffee Road will be closed from 8:30 p.m. to 5 a.m. for resurfacing. Westbound I-10 drivers will continue west and take northbound First Coast Expressway (SR 23) to U.S. 90 (Beaver Street) east to access Chaffee Road.

During the night of Sunday, July 7, the Chaffee Road exit to I-10 westbound will be closed from 8:30 p.m. to 5 a.m. for resurfacing. Drivers will continue north on Chaffee Road, go west on U.S. 90 and exit First Coast Expressway to access I-10.

During the nights of Sunday, July 7 and Monday, July 8, the I-10 eastbound ramp to I-295 will be closed for resurfacing from 8:30 p.m. to 5 a.m. Drivers will continue on I-10 eastbound to Lane Avenue, exit at Lane Avenue to access westbound I-10 to access I-295.

Anderson Columbia was awarded the \$26 million project to complete resurfacing on I-10 between Chaffee Road and I-295. This project is expected to be completed by mid-2025, weather and unforeseen circumstances permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
