### **Mathews Bridge Repair Project Starts June 6**

**JACKSONVILLE, Fla.** – The Florida Department of Transportation (FDOT) will begin a repair project on the Mathews Bridge (State Road 10A) starting Monday, June 6.

The project includes localized bridge truss painting and steel rehabilitation. Seacoast, Inc. is the contractor for the \$8.1 million project, which is scheduled for completion in summer 2023, weather and schedule permitting.

Drivers should expect evening lane closures throughout the duration of the project. No closures will be scheduled during peak driving times or on holidays or special events.

The “100 deadliest days” for teen drivers is between Memorial Day and Labor Day. During this time fatal crashes involving teenagers increases dramatically. Teenagers have a higher rate of fatal crashes, due to a lack of skills and experience. Remind your teenagers to limit passengers, obey posted speed limits, eliminate distractions, never drive impaired and always buckle up!

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT\\_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter, at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook or by visiting [nflroads.com](http://nflroads.com).
