Multiple Lane Closures Expected on Southbound Buckman Bridge Throughout the Weekend

JACKSONVILLE, Fla. – Drivers on the I-295 West Beltway over the Buckman Bridge will see multi-lane closures Friday night through Monday morning as crews rehabilitate and improve portions of the Buckman Bridge. The routine construction work is being conducted as part of the Buckman Bridge safety and signage project.

Crews will close the three inside lanes of southbound I-295 from Friday, February 25 at 8 p.m. until Monday, February 28 at 4 a.m. The closures are necessary for the safety of both construction crews and drivers. Additional triple lane closures are expected in the coming weekends for this work.

Motorists traveling on I-295 and in the vicinity should expect delays and plan ahead.

February is “hit-and-run” awareness month in Florida. When you flee the scene of a crash, you are breaking the law, which carries serious consequences. FDOT reminds motorists to take responsibility and stay at the scene of a crash.

Drivers seeking real-time traffic alerts are encouraged to visit www.FL511.com or download the FL511 app prior to their journey.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at @MyFDOT_NEFL on Twitter or at MyFDOTNEFL on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
