New Ramp from Eastbound Butler Boulevard to Northbound Kernan Boulevard to Open Thursday

JACKSONVILLE, Fla. – As part of the interchange improvement project at J.T. Butler Boulevard (State Road 202) and Kernan Boulevard, a new exit ramp from eastbound Butler Boulevard to northbound Kernan Boulevard will open to traffic the morning of Thursday, Jan. 11.

To access the new loop ramp to northbound Kernan Boulevard, drivers will continue east on Butler Boulevard approximately one-third of a mile past the existing exit ramp, which will now provide access only to southbound Kernan Boulevard. Drivers should use additional caution when navigating the new configuration.

FDOT hired J.B. Coxwell Contracting to complete the \$17.1 million project, which includes construction of a partial cloverleaf interchange, adding capacity to on- and off-ramps, milling and resurfacing of existing pavement, roadway lighting improvements, construction of ponds and other drainage improvements and installation of new signage and mast arm signals. The project is estimated for completion in late 2024, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](#) on Twitter, at [MyFDOTNEFL](#) on Facebook or by visiting [nflroads.com](#). Drivers seeking real-time traffic alerts may visit [www.FL511.com](#) or download the FL511 app.
