Nightly Closure and Detour of Westbound I-10 Planned Jan. 30 through Feb. 1

BALDWIN, Fla. – As part of the I-10 and U.S. 301 interchange improvement project, westbound I-10 will close and traffic detoured between State Road 23 and U.S. 301 nightly beginning Tuesday, Jan. 30 through Thursday, Feb. 1 from 9 p.m. to 5 a.m. the following morning, weather and unforeseen circumstances permitting. The closure will take place to perform various asphalt paving activities.

Westbound I-10 detour: Westbound I-10 traffic will exit at State Road 23, proceed west on U.S. 90, south on U.S. 301/State Road 201 (Baldwin Bypass) and back onto westbound I-10.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.

Superior Construction Company began the \$65 million interchange improvement project in February 2016 and is estimated to complete the work early 2024, weather and schedule permitting.
