Overnight Closures of I-295 and Beach Boulevard Ramps Planned Sept. 3-5

JACKSONVILLE, Fla. – As part of the widening and resurfacing improvement project on I-295 from J.T. Butler Boulevard (SR 202) to Beach Boulevard (SR 212), nightly closures of I-295 from Beach Boulevard to Town Center Parkway and overnight ramp closures are planned Tuesday, Sept. 3 to Thursday, Sept. 5, weather and unforeseen circumstances permitting. Mainline I-295 closures and ramp closures will not occur at the same time. Closures will begin at 10 p.m. and end by 5 a.m. the following morning.

Tuesday, Sept. 3 through Thursday, Sept. 5:

I-295 South/I-295 South exit ramp to Town Center Parkway/I-295 South on-ramp from Beach Boulevard closed: Drivers will detour via westbound Beach Boulevard, southbound St. Johns Bluff Road and eastbound Town Center Parkway to access the I-295 southbound on-ramp.

I-295 North/I-295 North exit ramp to Beach Boulevard/I-295 North on-ramp from UNF Drive closed: Drivers will detour via westbound Town Center Parkway, northbound St. Johns Bluff Road and eastbound Beach boulevard to access the I-295 northbound on-ramp.

Hubbard Construction Company, Inc. is expected to complete the \$19 million improvement project in late 2024, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at @MyFDOT_NEFL on X (formerly known as Twitter) or at MyFDOTNEFL on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
