Overnight Detours Planned Next Week at I-95 Ramps to and from State Road 16 and State Road 207

New I-95 North on-ramp lane from State Road 16 opens overnight April 7

ST. AUGUSTINE, Fla. – As part of resurfacing improvements on I-95 from State Road 207 to International Golf Parkway, closures of the State Road 16 and State Road 207 exit and entry ramps from I-95 are necessary for paving and widening work to be completed.

- The I-95 South exit ramp to State Road 16 will close nightly at 8 p.m. Tuesday, April 9 and Wednesday, April 10 and reopen by 6 a.m. the following mornings.
- The I-95 South on-ramp from State Road 207 will close at 8 p.m. Thursday, April 11 and reopen by 1 a.m. the following morning.
- The I-95 North exit ramp to State Road 207 closure will then proceed immediately after, scheduled to close at 1 a.m. and reopen by 6 a.m. Friday, April 12.

During the closures, drivers on I-95 South seeking to access State Road 16 will exit at State Road 207 and use I-95 North to access State Road 16. Drivers on State Road 207 seeking to access I-95 South will use I-95 North and exit at State Road 16 to access I-95 South. Drivers on I-95 North seeking to access State Road 207 will exit at State Road 16 and use I-95 South to access State Road 207. Motorists are encouraged to use caution in the area and follow posted detour signs.

Anderson Columbia Co. Inc. is estimated to complete the \$31 million resurfacing improvements by early 2025, weather and unforeseen circumstances permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
