Riverside Avenue at Margaret Street Detoured April 23 through April 26

JACKSONVILLE, Fla. – Riverside Avenue from Goodwin Street to May Street will be closed Friday, April 23 at 9:30 p.m. through Monday, April 26 at 6:30 a.m. for work related to the Riverside Avenue and Margaret Street intersection improvement project.

Northbound Riverside Avenue traffic will detour to Goodwin Street, Oak Street and Lomax Street to Riverside Avenue. Southbound Riverside Avenue traffic will detour to Margaret Street, Oak Street and Goodwin Street to Riverside Avenue. (Detour in map below.)

Margaret Street will remain open for residential and business access. In addition, the Publix entrance on Riverside Avenue will be accessible.

FDOT's intersection and traffic signal improvement project at Riverside Avenue (State Road 211) and Margaret Street includes replacing overhead traffic signal span wires with two mast arm poles, upgrading pedestrian signals featuring countdown timers, installing new illuminated street signs, roadway striping and sidewalk and curb repairs. It is expected to be complete in spring 2021, weather and unforeseen circumstances permitting.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at @MyFDOT_NEFL on Twitter or at MyFDOTNEFL on Facebook.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
