### **Roadway Resurfacing Improvements on S.R. 206 Expected to Begin Tuesday**

**ST. AUGUSTINE, Fla.** – The Florida Department of Transportation is scheduled to begin a resurfacing improvement project on State Road 206 (map below) from I-95 to the Intercoastal Waterway Bridge (ICWW) Tuesday, January 4, weather and schedule permitting.

The resurfacing improvements are part of routine maintenance work. This work will include drainage improvements, shoulder gutter installation, highway signing, guardrail, milling and paving the roadway, striping and other incidental construction work items. To safely complete the roadway work, nighttime lane closures will be necessary from 7 p.m. to 6 a.m.

Preferred Materials, Inc. is expected to complete the \$5 million resurfacing project by summer 2022. Construction completion dates are fluid and subject to change based on weather and schedule permitting.

Be sure to buckle up, don't drive distracted, and designate a sober driver.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
