State Road 5 at Prudential Drive Bridge Improvement Project Set to Begin Next Week

Jacksonville, Fla. – The Florida Department of Transportation is scheduled to begin a bridge rehabilitation improvement project on the State Road 5 bridge over Prudential Drive on Monday, August 10, weather and schedule permitting.

The improvements will include bridge cleaning, painting, joint repair and minor drainage and lighting work.

To safely complete work on and under the bridge, lane closures and intermittent nighttime detours will be necessary. Lane closures will not be allowed Monday through Sunday during peak morning and evening hours.

Extreme Sandblasting and Painting, Inc. is projected to complete the \$1.6 million bridge rehabilitation improvement project in late summer 2021. Construction completion estimates are fluid and subject to change, weather and schedule permitting.
