TRAVEL ADVISORY: Vertical Clearances Reduced at Lee Road and Southside Connector I-295 Overpasses

JACKSONVILLE, Fla. – Clearances under the Lee Road and Southside Connector (State Road 115) bridges over the I-295 East Beltway have been reduced from a minimum of 16.1 feet to a minimum of 15 feet to accommodate temporary work platforms for overpass repairs at these locations.

The vertical clearance reductions on I-295 under the two overpasses will be in effect until Friday, January 22, 2021, weather and unforeseen circumstances permitting. Reduced clearance notifications will be installed on all roadway approaches informing traffic of the temporary reductions.

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at @MyFDOT_NEFL on Twitter or at MyFDOTNEFL on Facebook.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
