Temporary Median Closure on S.R. 5 at Spencer Street Scheduled Next Week for Box Culvert Replacement Work

ST. AUGUSTINE, Fla. – As part of the Florida Department of Transportation's (FDOT) box culvert replacement project on S.R. 5 at Oyster Creek, a temporary median closure will be in place on S.R. 5 at Spencer Street Monday, May 16 through late 2022, weather and unforeseen circumstances permitting. The median closure is necessary for construction crews to safely complete concrete and drainage work.

Northbound S.R. 5 traffic will be unable to turn left onto Spencer Street or turn left and travel northbound on S.R. 5 from Spencer Street. Drivers may use the next available median opening on S.R. 5 to travel northbound.

Superior Construction is expected to complete the \$4.6 million improvement project by early 2023, weather and unforeseen circumstances permitting.

May is motorcycle and bicycle safety awareness month. Motorcyclists and bicyclists are vulnerable road users. Look twice before pulling into an intersection, changing lanes, or making a turn. Be a cautious driver and let's get everyone home safely!

Stay informed about lane closures and roadwork in your area by following FDOT District 2 at [@MyFDOT_NEFL](https://twitter.com/MyFDOT_NEFL) on Twitter or at [MyFDOTNEFL](https://www.facebook.com/MyFDOTNEFL) on Facebook.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
