Traffic Advisory: Lane Closures on I-95 Northbound at the Fuller Warren Bridge

Jacksonville – The Florida Department of Transportation has permitted overnight closures of the two outside lanes of I-95 northbound approaching the Fuller Warren Bridge. These closures will allow crews working for Baptist Hospital to replace a fiberglass panel on the pedestrian bridge that spans I-95. The overnight lane closures will be in place Monday, August 5 through Wednesday, August 7 from 10:30 p.m. to 5:30 a.m.

Drivers can also access real-time traffic alerts from FL511, a free service offered by the Florida Department of Transportation (FDOT). Motorists can visit www.FL511.com or call #511 for this up-to-date information.
