Traffic Shifts on State Road 200/A1A in Yulee

Yulee – The Florida Department of Transportation (FDOT) will be shifting eastbound traffic to the left on State Road 200/A1A between Chester Road and Duval Road Friday, February 15 beginning at 9 p.m. through 6 a.m. Monday, February 18. During that time, construction crews will be replacing road striping and relocating barrier wall. One eastbound lane will be closed to facilitate this work.

Superior Construction was hired to complete this 4.9-mile \$60 million widening project that runs from west of Rubin Davis Lane to East of County Road 107/O'Neil-Scott Road. Construction began in early 2016 and is expected to be completed in summer 2020, weather and schedule permitting.

This is part of a three-phase reconstruction project. The improvements include widening State Road 200/A1A from a 4-lane roadway to a 6-lane roadway with raised medians, curb and gutter, sidewalks, bicycle lanes and replacement of the Lofton Creek Bridge.
