Travel Advisory: State Road 200 Lane Closure Schedule

JACKSONVILLE, Fla. – This advisory is to inform community leaders and interested parties about upcoming scheduled lane closures, traffic shifts and other construction activity on State Road 200/A1A. For a complete list of scheduled lane closures in northeast Florida, interested parties may visit www.NFLRoads.com/TrafficReport.

The Florida Department of Transportation has permitted multiple lane closures as part of the State Road 200/A1A improvement projects. Below are several lane closures planned for November 20 through November 27, weather permitting. Certain activities may require unexpected lane closures for the safety of both drivers and construction workers.

Notable: There will be no lane closures on this corridor Wednesday, November 25 through Sunday, November 29. The next lane closure report will be distributed on December 4.

Daytime lane closures

State Road 200: None at this time.

Nighttime lane closures

Interstate 95:

- The northbound and southbound travel lanes of I-95 near the State Road 200 exit are expected to be closed Sunday, November 22 through Tuesday, November 24 from 7 p.m. to 5:30 a.m. This is an alternating closure with only one lane closed at a time.

State Road 200:

- The eastbound right or left lane of State Road 200 from Harper Chapel Road to Still Quarters Road is expected to be closed Sunday, November 22 through Tuesday, November 24 from 9 p.m. to 6 a.m. This is an alternating closure with only one lane closed at a time.

Improve Safety, Enhance Mobility, Inspire Innovation

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
