Travel Advisory: State Road 200 Lane Closure Schedule

Yulee, Fla. – This advisory is to inform community leaders and interested parties about upcoming, scheduled lane closures, traffic shifts and other construction activity on State Road 200/A1A. For a complete list of scheduled lane closures in northeast Florida, interested parties may visit: www.NFLRoads.com/TrafficReport.

Drivers can also setup real-time traffic alerts from FL511, a free service offered by the Florida Department of Transportation (FDOT). Motorists can visit www.FL511.com or call #511 for this up-to-date information.

The Florida Department of Transportation has permitted multiple lane closures as part of the State Road 200/A1A (S.R. 200) improvement projects. While there are no lane closures expected from June 28 through July 5, certain activities may require unexpected lane closures for the safety of both drivers and construction workers.

Notable: Work is not permitted on Thursday, July 4 in honor of Independence Day.

A traffic shift is expected to take place on State Road 200 near Lofton Creek within the next 30 days, weather and schedule permitting. An additional press release will be distributed once the traffic shift dates are finalized.

Daytime lane closures:

Interstate 95:

- There are no daytime lane closures scheduled at this time.

State Road 200:

- There are no daytime lane closures scheduled at this time.

Nighttime lane closures:

Interstate 95:

- There are no nighttime lane closures scheduled at this time.

State Road 200:

- There are no nighttime lane closures scheduled at this time.

Nassau County Advisory: While unrelated to the S.R. 200 corridor, interested parties may appreciate the following information:

The Florida Department of Transportation is scheduled to temporarily close a portion of County Road 121/Baldwin and Saint George Road between Turkey Trot Trail and Carroll Corner Road in mid-July 2019. The closure will be in place until rehabilitation work is completed on a bridge culvert damaged from erosion. Northbound and southbound drivers on County Road 121 will detour to U.S. 301 via County Road 108 and Henry Smith Road. More information about this project can be found by visiting www.NFLRoads.com.

Detour map of Nassau County bridge repair (work performed by FDOT)

Throughout construction, drivers are encouraged to plan ahead, use caution and follow the speed limit. Construction is a temporary inconvenience toward a more permanent transportation solution.
