Travel Advisory: State Road 200 Lane Closure Schedule

Yulee, Fla. – This advisory is to inform community leaders and interested parties about upcoming, scheduled lane closures, traffic shifts and other construction activity on State Road 200/A1A. For a complete list of scheduled lane closures in northeast Florida, interested parties may visit: www.NFLRoads.com/TrafficReport.

Drivers can also setup real-time traffic alerts from FL511, a free service offered by the Florida Department of Transportation (FDOT). Motorists can visit www.FL511.com or call #511 for this up-to-date information.

The Florida Department of Transportation has permitted multiple lane closures as part of the State Road 200/A1A (S.R. 200) improvement projects. Below are several planned lane closures, weather permitting, planned for July 27 through August 2. Certain activities may require unexpected lane closures for the safety of both drivers and construction workers.

Notable: Traffic will be shifted on State Road 200/A1A from the Lofton Creek Bridge to Ruben Davis Lane Saturday, July 27 from 6 a.m. to 5 p.m., weather and unforeseen circumstances permitting. The two westbound lanes will be shifted to the newly constructed westbound lanes of the roadway. As crews are implementing the traffic shift, the outside westbound lane of S.R. 200/A1A will be closed. The lane closure is necessary for the safety of both drivers and construction crews.

Daytime lane closures:

Interstate 95:

- The inside, southbound travel lane of Interstate 95 near exit 373 is expected to be closed daily from 9 a.m. until 3:30 p.m. Monday, July 29 through Thursday, August 1. The interstate ramps will not be impacted.

State Road 200:

- The westbound right lane of S.R. 200 from the Lofton Creek Bridge to Ruben Davis Lane will see single lane closures while traffic is shifted on Saturday, July 27. These lane closures may be extended to Sunday, July 28 as needed.

Nighttime lane closures:

Interstate 95:

- Southbound Interstate 95 lane closures are expected near exit 373 nightly, from 7 p.m. until 5:30 a.m. Sunday, July 28 through Thursday, August 1. The work is

associated with the Interstate median and Interstate inside shoulder. Note: this activity may require multi-lane closures on Interstate 95. The Interstate ramps will not be impacted.

State Road 200:

- The westbound right lane of S.R. 200 from David Hallman Parkway to Eric Oliver Way will be closed Tuesday, July 30 from 9 p.m. until 6 a.m.

Throughout construction, drivers are encouraged to plan ahead, use caution and follow the speed limit. Construction is a temporary inconvenience toward a more permanent transportation solution.
