Westbound State Road 100 through Starke to be Detoured Overnight April 18

STARKE, Fla. – As part of the Florida Department of Transportation's Starke Railroad Overpass Interchange Improvements project, westbound State Road 100 between U.S. 301 and Water Street will be closed overnight from 8 p.m. Tuesday, April 18 to 6 a.m. Wednesday, April 19.

Drivers attempting to travel westbound on State Road 100 will be detoured left onto SE 144th Street (Hazen Street), right onto U.S. 301 and then turn left to rejoin State Road 100. State Road 100 between SE 144th Street and Water Street will remain open to local traffic. Local traffic will be permitted to proceed westbound to Water Street.

This closure will not impact motorists seeking to cross State Road 100 at Thompson Street.

A large vehicle detour remains in place for eastbound State Road 100 from U.S. 301 to Water Street. Eastbound State Road 100 large vehicle traffic will turn right onto southbound U.S. 301, then turn left onto SE 144th Avenue (Hazen Street) and continue onto SE 144th Street to State Road 100.

FDOT hired J.B. Coxwell Contracting to complete this \$23.6 million project in summer 2023, weather and unforeseen circumstances permitting.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
