

Upcoming Closures and Detours

As part of FDOT's Starke Railroad Overpass Interchange Improvements (FIN 436558-1), Call Street (SR 230), Thompson Street and Walnut Street will be undergoing improvements in early 2023. To facilitate construction, the following closures and detours will be taking place. Scheduled detours/closures relating to this work can be found at [NFLRoads.com](https://www.nflroads.com) or by using this QR code.

Call (SR 230), Thompson and Walnut Streets Resurfacing Jan. 27-30

To allow for resurfacing operations, Call Street (SR 230) from U.S. 301 to Water Street. Additionally, Walnut and Thompson Streets between Call Street and SR 100 will be closed. Closures will begin 6:30 p.m. Jan. 27 and run through 6 a.m. Jan. 30, weather and unforeseen circumstances permitting. Please plan for alternate parking as on-street parking will not be available within the closure during resurfacing operations.

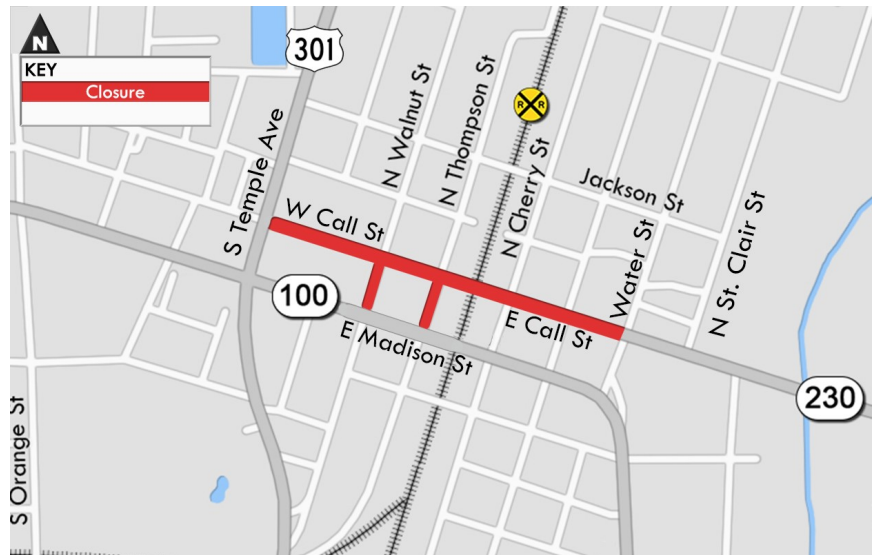

Westbound Call Street (SR 230) Detour:

Westbound Call Street traffic will turn left onto Water Street, right onto State Road 100, right onto U.S. 301 and proceed to Call Street.

Eastbound Call Street (SR 230) Detour:

Eastbound Call Street traffic will turn right onto southbound U.S. 301, left onto SR 100, left onto Water Street and right onto Call Street.

A large vehicle detour will remain in place for eastbound State Road 100 from U.S. 301 to Water Street. Eastbound State Road 100 large vehicle traffic will turn right onto southbound U.S. 301, then turn left onto SE 144th Avenue (Hazen Street) and continue onto SE 144th Street to State Road 100.

Intersection Work on Call, Walnut and Thompson Streets starting Jan. 30

To allow for construction at the intersections of Call Street with Walnut and Thompson Streets, and improvements to Walnut and Thompson Streets, road closures and detours will be in place starting 6 a.m. Monday, Jan. 30, weather and unforeseen circumstances permitting. In total, the work is expected to last 4 to 6 weeks. Due to the unavailability of segments of on-street parking during this time, please consider use of public parking lots during closures.

CONTINUED ON REVERSE SIDE

Eastbound Call Street (SR 230) Closure and Detours

Phase 1 of intersection work is estimated to take place for 2-3 weeks starting Jan. 30 and will consist of the following closures and detours:

Eastbound Call Street (SR 230) Detour:

Eastbound Call Street will be closed with local traffic access only from U.S. 301 to Cherry Street.

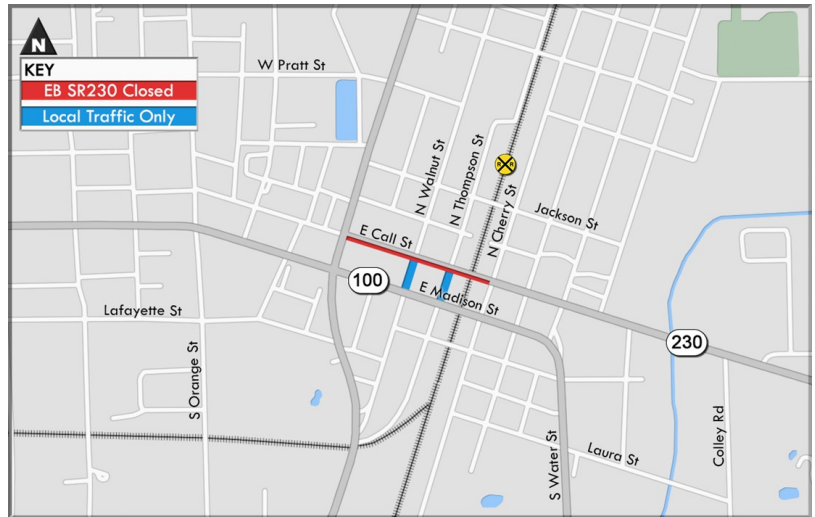

Vehicles seeking to travel eastbound will travel north on U.S. 301, turn right on Jefferson Street, left onto Thompson Street, right onto Jackson Street, turn right onto Cherry Street and proceed to Call Street.

Northbound Thompson Street Detour: Vehicles travelling northbound on Thompson Street toward SR 100 will turn left onto SR 100, turn right onto U.S. 301, turn right onto Jefferson Street and proceed to Thompson Street.

Southbound Thompson Street Detour: Vehicles originating north of Call Street and travelling south on Thompson Street will turn right onto Jefferson Street, turn left on U.S. 301, turn left onto SR 100 and proceed to Thompson Street.

Northbound Walnut Street Detour: Vehicles seeking to travel northbound on Walnut Street from SR 100 will be detoured to U.S. 301, will turn right onto U.S. 301, right onto Jefferson Street and proceed to Walnut Street.

SR 230 Delivery Truck Detour: During eastbound Call Street closure, delivery trucks will travel eastbound on Jefferson Street, turn right on Thompson Street and right onto westbound Call Street. Trucks are expected to park in the closed eastbound lane during delivery in order to allow for traffic flow.

Westbound Call Street (SR 230) Closure and Detours

Phase 2 of intersection work is estimated to take place for 2-3 weeks following phase 1 and will consist of the following closures and detours:

Westbound Call Street (SR 230) Detour:

Westbound Call Street will be closed with local traffic access only from Cherry Street to U.S. 301. Vehicles travelling westbound will turn right onto Cherry Street, turn left onto Jackson Street, left onto Walnut Street, right onto Jefferson Street and proceed to U.S. 301.

Southbound Thompson Street Detour: Vehicles travelling southbound on Thompson Street toward Call Street will turn right onto Jefferson Street, turn left onto U.S. 301, turn left onto SR 100, make a U-turn at Thompson Street onto westbound SR 100, turn right on Walnut Street, right on Call Street and proceed to Thompson Street.

Southbound Walnut Street Detour: Vehicles seeking to travel southbound on Walnut Street toward Call Street will turn right onto Jefferson Street, turn left onto U.S. 301, turn left onto SR 100, make a U-turn at Thompson Street onto westbound SR 100 and proceed to Walnut Street.

SR 230 Delivery Truck Detour: During westbound Call Street closure, delivery trucks will travel regular detour but are expected to park in the closed westbound lane during delivery in order to allow for traffic flow.
