The Florida Department of Transportation (FDOT) invites you to attend a public meeting to discuss the proposed improvements to State Road (SR) 26 (West Newberry Road) from the Gilchrist County line to County Road 26A in Newberry, Florida (approximately four miles).

The FDOT is conducting a Project Development and Environment (PD&E) Study to evaluate alternatives to enhance safety and provide additional capacity to meeting existing and future traffic needs on SR-26. FDOT encourages you to get involved throughout the study by providing comments, concerns, questions and/or suggestions to the Study Team.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services (free of charge) should contact Mr. David Tyler at the number provided below, at least seven (7) days before the public meeting.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by the FDOT pursuant to § 23 U.S.C Section 327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.
