ACCESS MANAGEMENT PUBLIC HEARING

May Street/San Marco Avenue/W. San Carlos Avenue/US 1 Intersection Improvements

St. Augustine, FL

Financial Project ID: 434556-1

DATE:

Tuesday, April 26, 2016

TIME:

Open House from 4:30 - 6:30 pm

Presentation at 6:30 pm
followed by a
public comment period

LOCATION:

Holiday Inn Hotel & Suites
1302 Ponce de Leon Blvd.
St. Augustine, FL 32084

Welcome to the Access Management Public Hearing to discuss potential solutions to the traffic congestion experienced at the intersection of May Street/San Marco Avenue/W. San Carlos Avenue and US 1 in St. Augustine, St. Johns County, Florida.

The Department previously held two public meetings where alternatives were presented for public input. Since that time, the Department participated in several other public meetings hosted by the City of St. Augustine and selected a preferred alternative. After listening to the input from these meetings, the Department has refined the preferred alternative. Tonight's hearing is being held as part of the Design phase to provide an opportunity to review the refined alternative and receive your comments regarding the new design.

Public participation is sought without regard to race, color, religion, sex, age, national origin, disability or family status.

Proposed Intersection Improvements
