

# PUBLIC INFORMATION MEETING

## SR-100 @ East End Road

San Mateo, Putnam County, Florida

The Florida Department of Transportation (FDOT) invites you to attend a public meeting to discuss proposed improvements to the intersection of State Road 100 at East End Road located in San Mateo, Florida.

Due to a history of severe crashes at this intersection, a study was conducted by the Department to look at possible safety improvements. The FDOT will be presenting three alternatives at this meeting for your review. They are:

- 1) Standard T-Intersection
- 2) Roundabout
- 3) Minor Intersection Enhancements

This public meeting is being held to give you an opportunity to express your views concerning the proposed improvements and any comments made are appreciated. Public participation is encouraged and sought without regard to race, color, religion, sex, age, national origin, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Chris Rhude at the number provided at least 7 days before the meeting.
