

Simpson Creek Bridge Replacement Project on Heckscher Drive (State Road A1A)

DISTRICT TWO

FIN # 4340411

ATTENTION KAYAKERS:

Expect short delays while traveling under Simpson Creek Bridge for overhead construction.

Flaggers will direct you through the channel when needed.
Please stay between the floating yellow barriers at all times.

- Kayakers may be stopped periodically for approximately 5 minutes while overhead bridge work is occurring.
- Flaggers stationed on both banks under the bridge will notify kayakers when to stop and when to proceed through the channel. Flaggers will not be stationed on the banks when the channel is clear for passage.
- Floating yellow barriers are installed on each end of the bridge to mark the channel.

Project Information:

Start: November 2021

Finish: Spring 2023

Cost: \$3 million

Contractor: Superior Construction
