

10 ft. Shared Use Path

A 3D rendering of a road scene. On the left, a paved path is bordered by a thick green grass buffer. A white pickup truck is driving away from the viewer on the right side of the road. A person is riding a bicycle on the path. The road has a solid white line on the left and a dashed yellow line on the right. A tall wooden utility pole with wires stands on the grass buffer. The background shows a line of trees and a cloudy sky.
