# BRIEF OVERVIEW OF THE PROJECT

# PROPOSED MEDIAN IMPROVEMENTS ON STATE ROAD 115

**This project proposes a median modification at the intersection of Lem Turner Road (State Road 115) and Robena Road to improve safety for motorists. The intersection currently has a full median opening on Lem Turner Road at Robena Road. This configuration allows all turning movements between Robena Road, Lem Turner Road and the shopping center located east of the intersection.**

**FDOT proposes the following improvements:**

- **Directionalize the existing median opening at Lem Turner Road and Robena Road.**
  - **The current full median opening will be modified to allow only northbound and southbound left turns onto Robena Road and the shopping center, respectively.**
  - **Drivers will no longer be able to make left turns or through movements from the side streets.**
- **Construct a new southbound left-turn lane and U-turn loop on Lem Turner Road to accommodate drivers traveling eastbound on Robena Road who wish to travel north on Lem Turner Road.**
