

FIN 447225-1

WELCOME

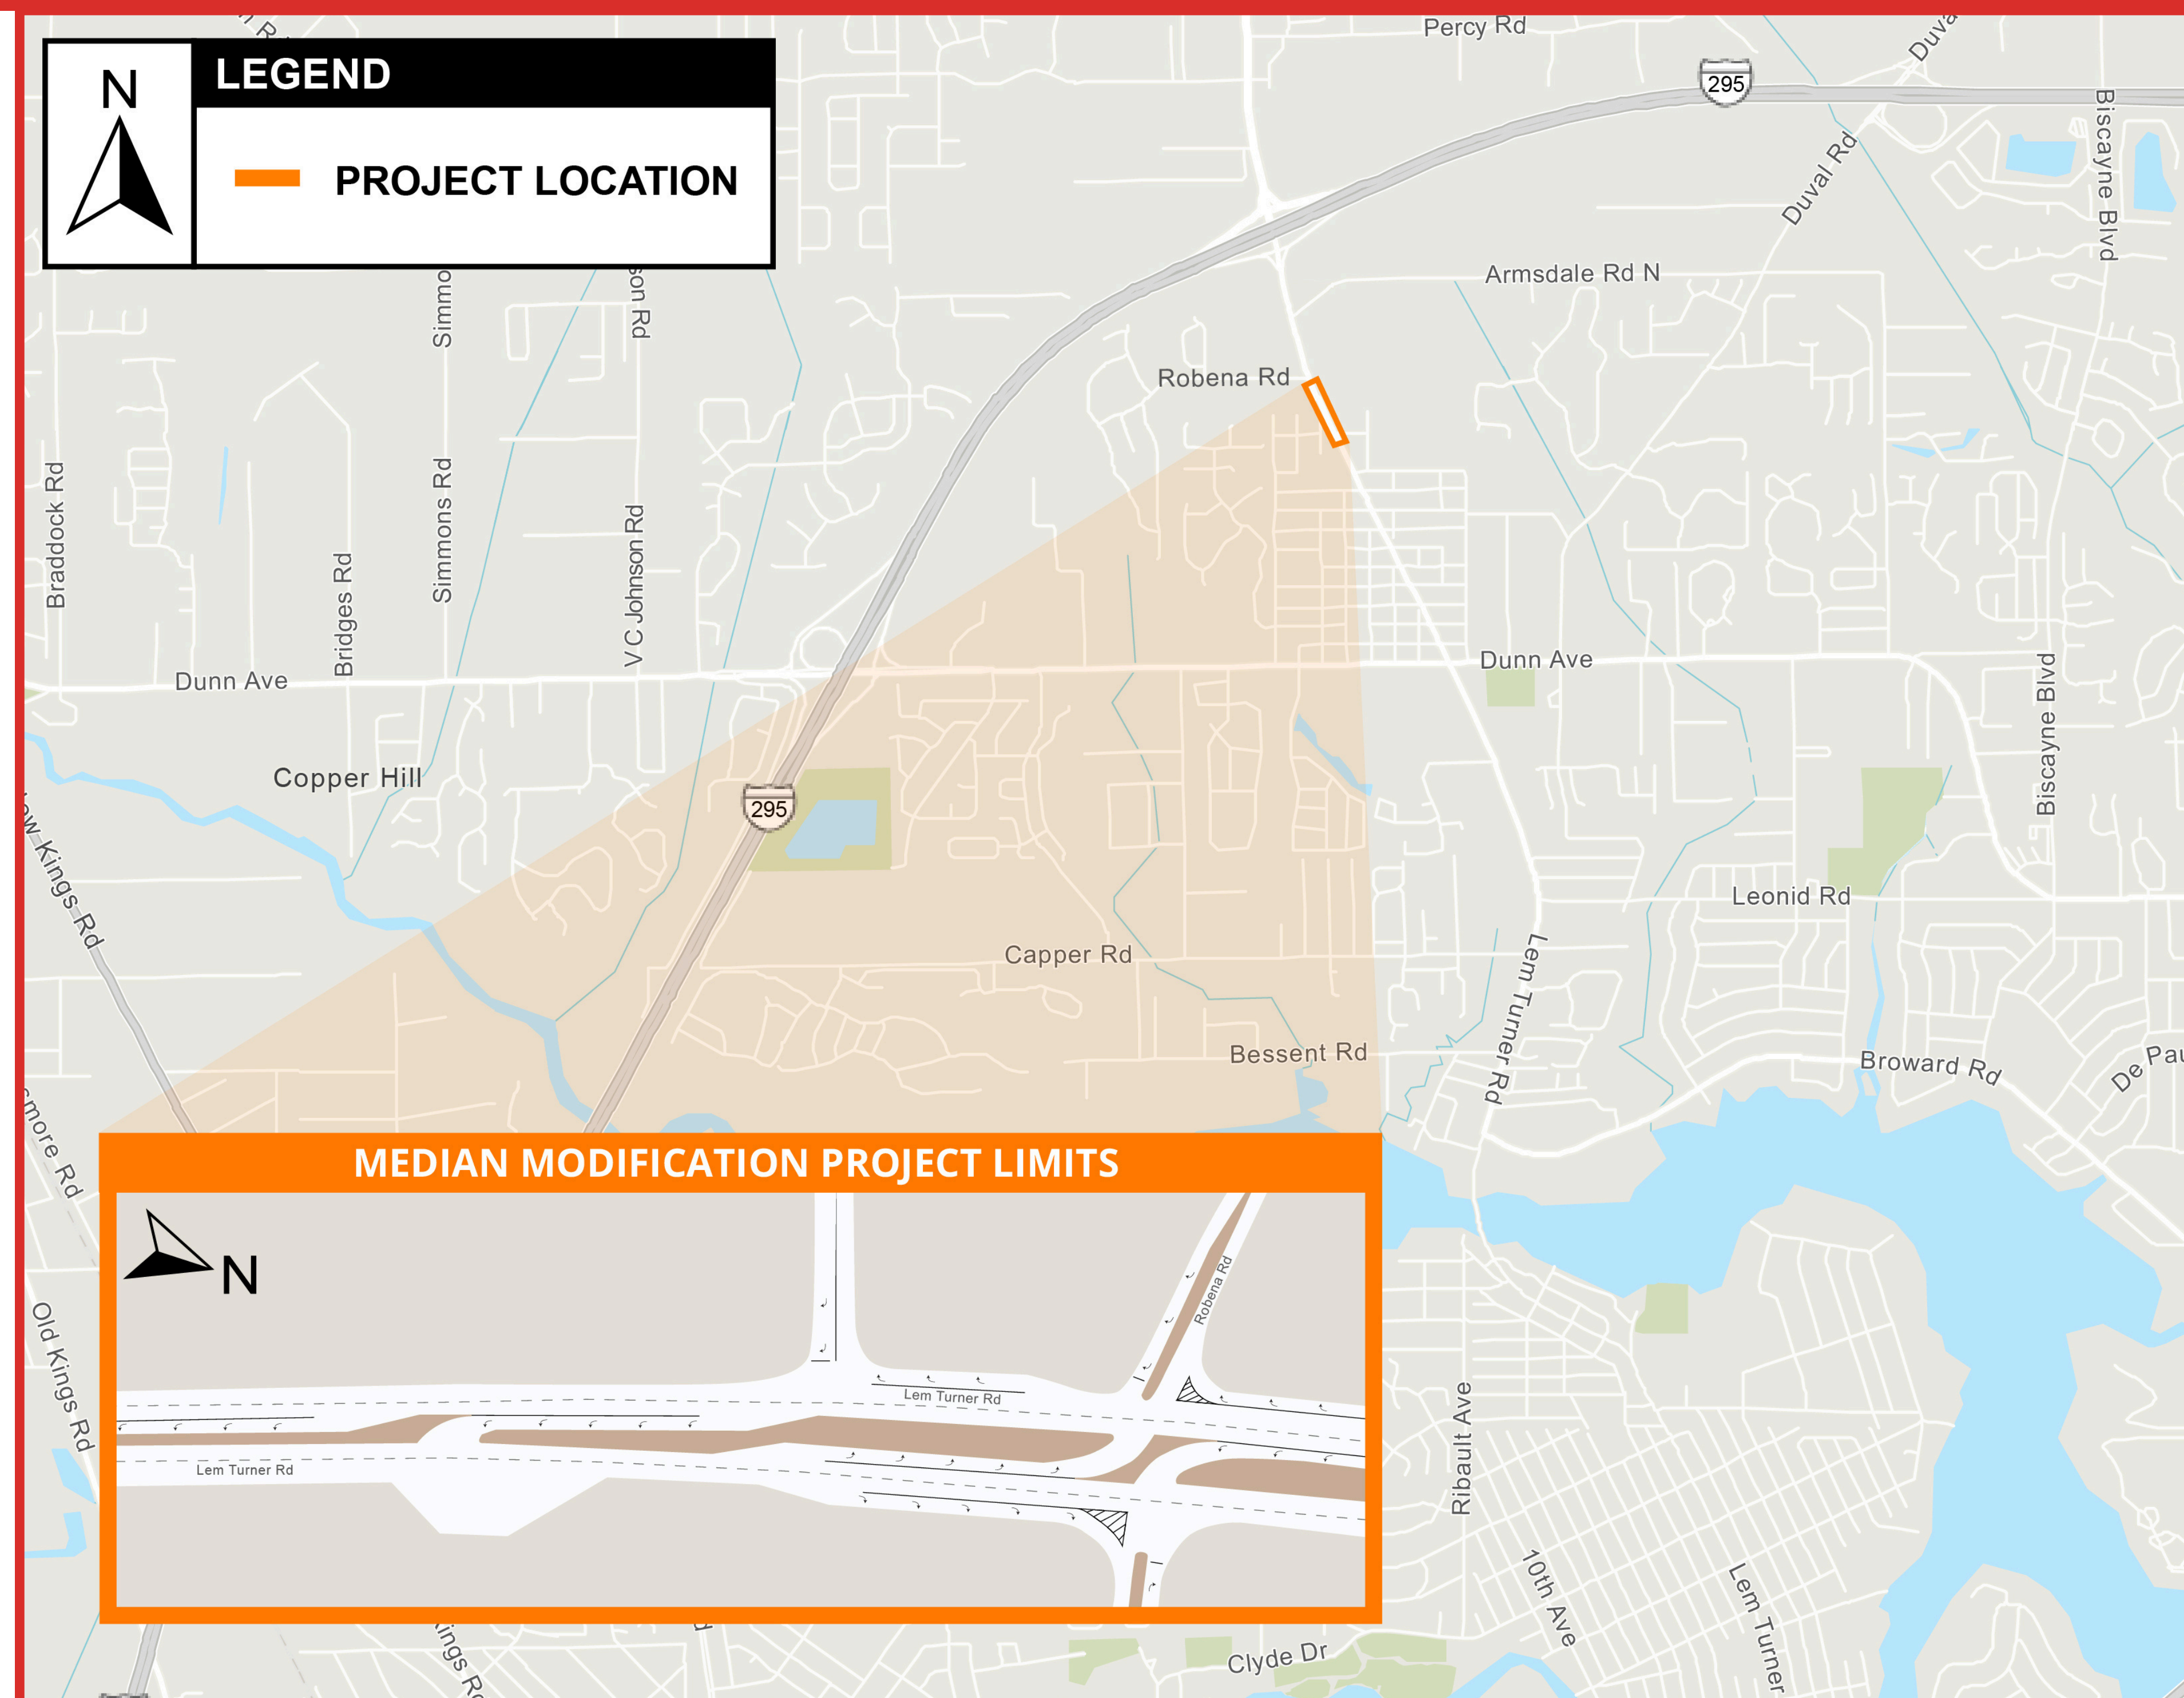

During this meeting, we will discuss a project that proposes median modifications on **Lem Turner Road (State Road 115)** and **Robena Road**.

Florida Department of Transportation

TITLE VI

Public participation at this meeting is solicited without regard to race, color, national origin, age, sex, religion, disability or family status.

PROPOSED MEDIAN IMPROVEMENTS ON STATE ROAD 115

This project proposes a median modification at the intersection of Lem Turner Road (State Road 115) and Robena Road to improve safety for motorists.

The intersection currently has a full median opening on State Road 115 at Robena Road. This configuration allows all turning movements between Robena Road, State Road 115 and the shopping center located east of the intersection.

FDOT proposes the following improvements:

- **Directionalize the existing median opening at State Road 115 (Lem Turner Road) and Robena Road.**
 - **The current full median opening will be modified to allow only northbound and southbound left turns onto Robena Road and the shopping center, respectively.**
 - **Drivers will no longer be able to make left turns or through movements from the side streets.**
- **Construct a new southbound left-turn lane and U-turn loop on State Road 115 to accommodate drivers traveling eastbound on Robena Road who wish to travel north on State Road 115.**

**PROPOSED MEDIAN MODIFICATION ON LEM TURNER
ROAD (STATE ROAD 115) AT ROBENA ROAD
