FIN 430910-3

WELCOME

During this meeting, we will discuss a project that proposes a crosswalk on **Lane Avenue (State Road 103) just south of Lucente Drive.**

The Florida Department of Transportation would like to welcome you to the Hybrid Public Meeting for the **Proposed Crosswalk on Lane Avenue (State Road 103) just south of Lucente Drive** Project in Duval County, Florida. The Financial Project ID is .

There are three primary components to tonight's public meeting.

First, the open house, which occurred prior to this presentation. During the open house, F.D.O.T invited members of the public to view the project displays, speak directly with the project team and provide written comments.

Second, this presentation, which will explain the proposed improvements.

And third, a formal comment period following this presentation, in which you will have the opportunity to speak at the microphone or provide comments in writing.

The Florida Department of Transportation complies with various non-discrimination laws and regulations, including Title VI of the Civil Rights Act of 1964.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status.

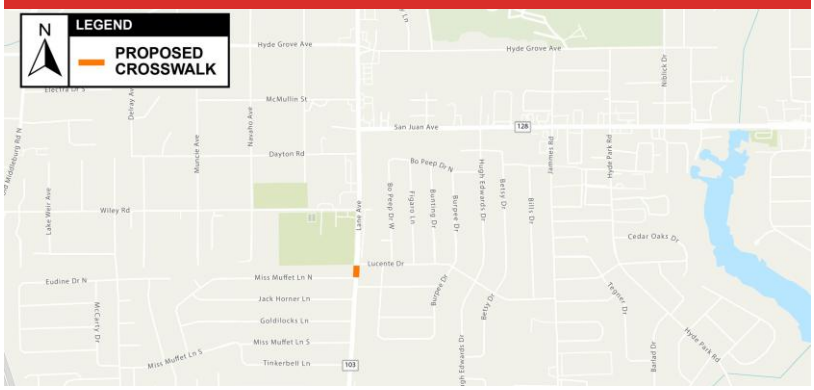

Persons wishing to express their concerns about Title VI may contact Dorothy Neal, District Two's Title VI Coordinator in the Lake City Office or Lisa Bethancourt, the State Title VI Coordinator with the Department's Equal Opportunity Office in Tallahassee.

A brief overview of the proposed crosswalk on Lane Avenue will follow.

Project Location

This project is located on Lane Avenue (State Road 103) just south of Lucente Drive to increase safety for motorists, pedestrians, bicyclists and other users of the corridor.

This project is located on Lane Avenue (State Road 103) just south of Lucente Drive to increase safety for motorists, pedestrians, bicyclists and other users of the corridor.

Crosswalk on Lane Avenue south of Lucente Drive

FDOT proposes the following improvements:

-The addition of a crosswalk and the addition of a concrete median to facilitate construction of the crosswalk.

Comments may also be submitted online at
www.nflroads.com/virtualmeetings by **Oct. 27, 2026**

Should you desire to provide written comments in lieu of, or in addition to comments made at this meeting, you may email or send your comments to **Nick Hope, P.E.** at the Florida Department of Transportation District Two Urban Office in Jacksonville, Florida.

Nick Hope is spelled N I C K H O P E. Nick's email is N I C K dot H O P E at D O T dot S T A T E dot F L dot U S. He can be reached by phone at **(904) 360-5634**. Nick can also be reached by traditional mail at 2198 Edison Avenue, Jacksonville, Florida 32204.

His contact information is on this slide, on the project website and in tonight's handout.

As part of this project, access management improvements are being implemented. Access management is the careful planning of the location, type and design of access to properties, businesses and homes.

This includes median openings, interchanges, driveway openings and traffic signals.

Access management serves to promote safe and efficient movement of people and goods by reducing conflicts.

ACCESS MANAGEMENT REVIEW COMMITTEE

Attention:
Brittany Chastain, PMP

Address:
Florida Department of Transportation
1109 S. Marion Avenue
Lake City, Florida 32055

Phone:
(386) 961-7431

Email:
Brittany.chastain@dot.state.fl.us

F.D.O.T has an Access Management Review Committee responsible for making decisions regarding access management on the State's Highway System.

If you have concerns about access that affects your property or business, you may appeal to the Committee and request an opportunity to present your concerns in person or in writing.

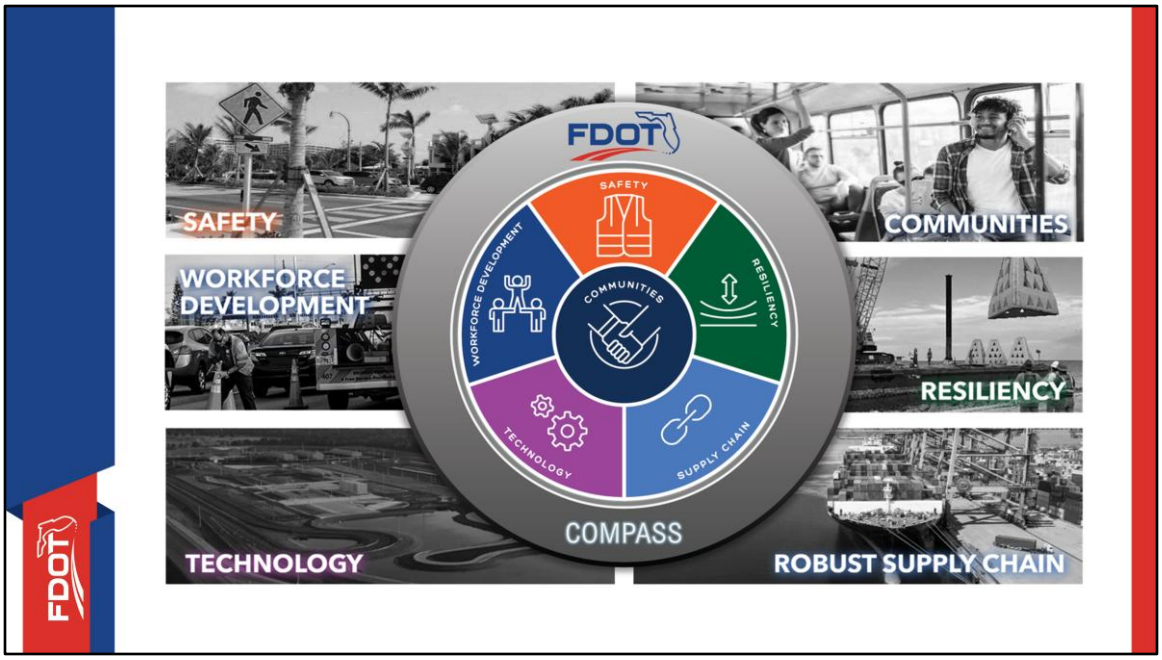

The contact information for the Access Management Review Committee can be found in your handout and on the project website.

All comments postmarked on or before Oct. 27, 2026 will be documented as part of the public meeting.

For more information regarding this project, please visit the project website at w w w dot n f l roads dot com forward slash virtual meetings.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity and preserves the quality of our environment and communities.

To help us succeed with our mission, the F.D.O.T has established six priority areas of focus which are shown on this compass graphic:

1. Improving Safety for all transportation users
2. Retaining and training employees through Workforce Development
3. Staying on the forefront of emerging Technology
4. Serving the heart of F.D.O.T, our Communities
5. Improving Resiliency on Florida's transportation network
6. Economic prosperity through Robust Supply Chain

To further highlight some of the efforts of improving safety, F.D.O.T has a statewide initiative called Target Zero. The goal of this mission is to reduce the number of transportation-related fatalities and serious injuries to zero.

F.D.O.T is taking several steps to improve how we plan, design and operate our transportation system. Improving pedestrian and bicyclist safety is part of our plan.

Thank you. This concludes our presentation. We will now offer an opportunity for participants to make a statement during the public comment period.
